Please read the **Admission Guideline** before applying

### Welcome

The Ogun State College of Health Technology, Ilese-Ijebu was established in 26th September, 1976 to train middle-level manpower for the delivery of Health Care Services.

In April 2006, the Governor graciously signed the bill establishing the College into law thus making the College to assume a full Polytechnic status. As a result of this upgrading, the College has been empowered to run courses and programmes leading to National Diploma (ND) and Higher National Diploma (HND) in relevant Health fields obtainable in other Polytechnics in Nigeria.

We hope to produce quality graduates that will facilitate the achievement of the objectives of health care services in Ogun State in particular and Nigeria in general.

You are welcome to a new world of excellence in performance of holistic Health.
